

SEN. MOSES CARGES G. O. P. COMMITTEE WITH "STEAMROLLER" TACTICS

Takes Issue With Body in Disposing of Southern Con- tested Delegations

CHICAGO, June 4.—Decisions of the Republican national committee which today disposed of 25 contests for seats in the national convention of the party, tonight brought a charge of "steamroller" tactics from Senator Moses of New Hampshire, who conducted General Wood's pre-convention campaign in the southern states. He issued a lengthy statement whose tone was in sharp contrast to the jubilant notes that came from the Lowden headquarters. "Evidently a mistake has been made," said Senator Moses' statement. "The steamroller which was used so effectively in the convention of 1912 and with such disastrous results to the party in the election following, has not been scrapped after all. It merely has been in the machine shop for repairs and for some new attachments."

After reading the statement issued by Senator Moses, Will Hays, chairman of the Republican national committee said: "I have nothing to say. Not a word. The action of the committee, taken in open session speaks for itself."

Senator Moses' Statement.

"The most important of the latter appears to be a patent reviving apparatus which enables the national committee, at will to disregard its prior formal action in recognition of certain national committeemen against whose organizations there have been trumped up a series of fraudulent charges."

"The chain-of-procedure which the national committee formed at the St. Louis meeting in 1917, and at Washington in 1919 contained three links. The first connected the national chairman with the recognized national committeemen in the states to whom were sent the official calls for the convention which assemblies next week. The national committeemen transmitted this call to the recognized state chairmen, thus constituting the second link in the chain. The third link connected the state chairmen with his organization in the counties. Thru the operation of this mechanism delegates friendly to General Wood have been elected with entire regularity in every southern state save two. The function of the national committee at this juncture is 'not to determine' qualifications of members of the national convention. It is merely to establish that regularity which entitles a delegate to be placed upon the temporary roll, leaving the ultimate question of his right to a seat to be determined by the convention thru its committee on credentials."

"Yet the national committee, with Chairman Hays conveniently absent from the chair, is assuming to decide the matter for us—without to decide it upon the narrow lines of the committee's personal preference."

Claim Committee Favors Lowden.

"General Wood's friends have always understood that the national committee as at present constituted favored the nomination of Governor Lowden. We have never questioned their right to hold such a preference. But we do question seriously and vigorously their right to color their decisions, which should be merely ministerial if not judicial, by such preference; and the conditions under which so many of the present national committeemen hold their places only increase the strength with which we are pursuing."

"As a result of the primaries and conventions held thruout the union substantially one-third of the members of the present national committee have failed to get in the confidence of their constituents and they will get out of office the day the convention adjourns. Yet these repudiated committeemen in defiance of the popular judgment already rendered are seeking to impose their peevish purpose upon the convention, the party and the country."

"Certain facts are outstanding in the compilation of pre-convention events. Chief among these is the demonstrated fact that three men have shown themselves to possess widespread and well founded popular support among Republicans. These men, in the order of their demonstrated strength are General Wood, Senator Johnson and Mr. Hoover. Except in his own state, Governor Lowden has never succeeded in running better than a poor third in any primary. This is not said in any degradation of any of Governor Lowden's many good qualities. It is a plain statement of political fact to which the country is not impervious even tho the national committee is."

"There seems to be no secrecy about the national committee's plans. They think by their high-handed methods to remove from the Wood column a sufficient number of votes to the Lowden column to equalize the apparent strength of these two rivals on the first ballot. One hesitates to revive the harsh language of 1912, but there is one word which can fitly characterize such procedure; and I refer inquisitive persons to the vocabulary of eight years ago to learn what that word is."

Refers to Conventions of Past.

"Twice before in Republican history have similar tactics been employed. In 1892, at Minneapolis, no attention was paid to the

LAY PLANS FOR STATE LABOR TICKET

Party Will Have Candidate for Every State Office According to Present Plans of Leaders.

Springfield, Ill., June 4.—Candidates for the state ticket of the Illinois Labor Party were considered tonight by a nominating committee appointed today at the second annual convention of the party. The nominating committee's report will be presented to the convention tomorrow afternoon. The report presented by the committee will not preclude nominations from the floor of the convention.

The party will have a candidate for every state office according to Duncan McDonald, chairman of the convention. The convention this afternoon began consideration of the party's constitution. Several minor changes were made in the constitution which was adopted at the convention last year.

In addition to nominating the state ticket tomorrow the committee will adopt a platform and complete consideration of the constitution.

CHARGE BOARD WITH INEXCUSABLE DELAYS

WASHINGTON, June 4.—The federal board for vocational education was charged in a formal report today by the house education committee with "inexcusable delays" in the rehabilitation of soldiers. The report however, noted a gradual improvement in the work and commended the increasing efficiency.

Blame for some delays in beginning training of men rendered unfit for their former occupation by war injuries was placed on the war risk insurance bureau which was partly on the charge of undertaking prior to its transfer to the vocational board in July, 1919.

The investigation resulted from charges that the board's efforts in behalf of former service men were not successful.

HOLDS CHIROPRACTORS CANNOT PRACTICE

ROCK ISLAND, Ill., June 4.—Ruling on a motion to dissolve a recent temporary injunction forbidding treatments in Illinois by unlicensed chiropractors, Judge F. D. Ramsay in Rock Island circuit court today declared the law providing penalties for unlicensed medical practitioners would apply and that it was constitutional. The judge construed the writ to enjoin the Universal Chiropractors association from collecting assessments in Illinois for purposes of mutual defense on the ground that it amounted to a conspiracy to violate the law. Final hearing on the injunction will be held at the September term of court.

SHERMAN ATTACKS CHICAGO DEMOCRATS

CHICAGO, June 4.—Senator Lawrence Y. Sherman of Illinois today issued a statement in which he said: "The opposition to Governor Lowden in Chicago is confined to the democratic press and representatives of the democratic party. The same tactics were pursued in the April primaries. Democratic voters undertook to thrust upon the Republicans candidates not of republican selection. The legislature ought next winter to provide for such unwarranted attempts of the politicians outside to influence and control Republican party management and choice of candidates."

SEEKS IRISH PLANK IN G. O. P. PLATFORM

Chicago, June 4.—Eamon de Valera, "president" of the Irish Republic, today arrived in Chicago from New York and announced he would attempt to obtain a plank in the Republican platform in favor of the recognition by the United States of the Irish Republic.

"I hope to see this plank adopted in the platform of both parties," Mr. de Valera said. "After this convention is over I shall go to San Francisco to try to get the Democrats to adopt it."

NEW ATHLETIC DIRECTOR FOR BRADLEY INSTITUTE

PEORIA, Ill., June 4.—The selection of A. J. Robertson as athletic director at Bradley institute was announced here today. He comes from the State Normal school at Hayes, Kans., and succeeds Fred C. Brown, who resigned some time ago to coach athletes representing Brazil in the Olympic game in Belgium. Mr. Robertson has also coached football and basketball teams at Kentucky and Wesleyan and Georgetown.

BUTLER LEAVES FOR CHICAGO

NEW YORK, June 4.—Nicholas Murray Butler, candidate for the Republican presidential nomination left here today for Chicago. He was accompanied by his wife and his daughter, who will be active in the Butler headquarters during the convention. The Chicago will be reinforced on Sunday by a delegation from this city. John R. Davies will conduct Dr. Butler's convention campaign.

Beloit, Wis., June 4.—Following announcement by the Beloit school board that the salaries of teachers would be increased from \$50 to \$70 a year, thirty-four teachers tendered their resignations here. The board accepted their resignations and announced today that twenty-four new teachers already had been employed.

LOWDEN WINS TWENTY- FIVE VOTES AS WOOD LOSES TWENTY-FIVE

Result of Decisions of National Committee in Seating Contested Delegates

CHICAGO, June 4.—Lowden forces counted twenty-five delegates into their column as the result of today's decisions of contested delegates by the national committee. The Wood forces in turn lost an equal number which would have been counted for them had the pending contests been sustained.

All attempts at split decisions were lost. While various committeemen professed to see behind the arguments for party harmony which were advanced a reflection of personal views as they might be favorable to Governor Lowden and General Wood, the committee in repeated rolls refused to make compromises and proceeded to make decisions on the evidence of party regularity in the local and district machinery.

Lowden forces started off on a winning streak by winning the contests in the eight congressional districts of Mississippi. They claim all those delegates. They won a half vote in the second congressional district of Oklahoma, where the Wood forces won a half vote also by the seating of Dr. Hugh Scott of Holdenville and Albert Kelly of Bristow.

Then the Lowden chiefs claimed another addition of support when the committee voted to seat the regularly reported delegates from South Carolina, led by National Committeeman Tolbert. The Tenth district of Tennessee went to the regularly reported delegate, Robert R. Church, a negro of Memphis, but that was claimed by none of the various managers.

The spectacular decision of the day was the hard-fought and long delayed contest from Georgia, where the delegates headed by Henry Lincoln Johnson an Atlanta negro, who, it was testified before the senate committee investigating campaign expenditures, received \$9,000 from the Lowden campaign fund were resisting the attack of a set of contesting delegates admittedly organized by Frank H. Hitchcock, and counted for the candidacy of General Wood.

Before the committee adjourned to continue in a night session, Johnson's big four—the delegates at large—had been seated, on the ground of organization regularly in their convention proceedings, and at the first and second Georgia congressional districts also had been voted the same way. The evidence in the districts remaining in contest was said to be much of the same nature.

South Carolina and Georgia contests brought the race issue and the color line into the deliberations of the committee despite all efforts to keep them out. "The contest over the Tolbert delegates from South Carolina brought up the much discussed question of whether the Republican party in the southern states would do better without association with the negro. The contesting delegates from the South Carolina case stirred up a row in which the issue was frequently passed, charges of machine rule, to perpetuate 'an office holders' trust,' and further charges that conditions were such that the Republican votes had been reduced by the alleged methods to a minimum were made."

The hearing furnished fireworks and vaudeville. Calls of laughter, roars of cheers and waves of applause swept the committee. National Committeeman Tolbert became so enthusiastic in his reiteration of his Republicanism that the actually had a dozen steps of a jig and pranced up and down the aisle. Negro witnesses supporting the claims of the contesting delegation testifying to their inability to take part in the Tolbert faction conventions, declared they had been threatened with death if they attempted to attend them. Stacks of affidavits presented in support of the claims of the regularity of the Tolbert delegates they declared had been "cooked up" since the convention and there were broad intimations of how the signatures might have been obtained.

The committee decided, however, that so far as the evidence before it went Tolbert had the evidence of regularity in the south Carolina convention voted against and seated Tolbert's delegates.

Renewed pleas for a split decision came with the calling of the Georgia case. National Committeeman Jackson of Georgia, who is retiring from the committee and withdrawing from the state, made a special plea that the national committee establish harmony among the factions there and preclude contests at the next national convention by seating all the delegates and giving each a half vote. The committee, however, bowed the suggestion over with a quick vote and stood tight on the principle. At its night session the committee continued seating the Henry Lincoln Johnson district delegates from Georgia. These from the third and fourth districts were seated on the first votes. The contesting delegates from the sixth Georgia district were seated by unanimous vote. The committee decided there was no evidence a legal convention had been held.

LEADERS CONFIDENT OF OUTCOME OF COMING NATIONAL CONVENTION

Lowden, Wood and Johnson Issue Statements—More Talk of "Dark Horses"

CHICAGO, June 4.—(By The American Press.)—Presidential booms of General Wood, Senator Johnson and Governor Lowden today again held the spotlight of convention city and shadows of potential "dark horses" were reported with growing frequency. Lowden forces were jubilant over national committee decisions in delegates contests which they claim to add twenty-five delegates to the Lowden column with a light loss to General Wood's.

Senator Johnson, while the committee was weighing the Lowden-Wood contest, launched statements on his campaign plans and platform planks and also told of rumors of attempts at inroads on his instructed delegates.

General Wood also gave out a statement declaring Col. William Cooper Proctor and Frank H. Hitchcock, his managers, were working in complete harmony and loyalty. The general vigorously denied reports that Colonel Proctor was being subordinated to Mr. Hitchcock.

From other quarters at the Republican paddock came increased talk of "dark horse" entries. It came with the arrival of more national leaders and also many delegates.

More Candidates Arrive.

Presidential row also got another tenant in the arrival today of Senator Poindexter of Washington, and word was received that Senators Harding of Ohio, and Sutherland of West Virginia, would reach here next Sunday.

Dr. Nicholas Murray Butler of New York is due tomorrow. Developments today, however, were of prominent leaders to leave the nominations still "in the air" with the uninstructed delegates holding the balance to decide the outcome. The stage of important consultations, it was said was approaching with the presence of members of congress, governors and other influential leaders of whom many arrived.

"Dark Horse" Candidate.

In the dark horse discussions, names figuring prominently included Governor Coolidge of Massachusetts, Allen of Kansas, and Sproul of Pennsylvania. All discussions seemed to range about the senate committee's investigation of campaign expenditures. Governor Lowden, however, in another statement repudiating delegates from Missouri receiving Lowden funds and said there was a movement to have them denied convention seats.

Improved prospects of the Johnson candidacy were claimed and were often conceded in some opposition quarters. In the latter it was frequently said that the Johnson movement "appeared to be blowing" and that, altho behind in instructed delegates, the senator appeared to be formidable. Foes of the Californian, however, were equally confident that he would not capture the convention by storm.

In the discussions of selection as against election, of some candidates not now attention to the possibility of coalitions between leading candidates was considered despite present cleavages. Many veteran observers said the tension between the leaders was on the increase with the contest decisions as a factor.

Platform Views.

Personalities of the battle were mixed today with principles. Senator Johnson and Governor Lowden outlined their platform views, with the former declaring the Johnson forces would present a plank opposing the present league of nations. Governor Lowden reiterated for ratification "substantially with the Lodge reservations."

Regarding prohibition, Senator Johnson predicted it was not to be mentioned while Governor Lowden declared for enforcement of the constitutional amendment. "It is a part of the law," said Governor Lowden, "and I am not in favor of attempting to evade that or any other law. Whatever is necessary to make it effective should be done by legislation or otherwise."

Labor organizations of the platform were discussed by Senator Johnson who declared against "dishumanizing labor." Governor Allen of Kansas, who will present the name of General Wood to the convention announced that he would urge his plan for a federal labor tribunal.

Platform affairs generally came in for increased attention today with arrival of prominent persons interested in its formation. Among these were Senator Watson of Indiana, mentioned for chairman of the resolutions committee. Ogden L. Mills, Jr., of New York, chairman of the executive committee on platforms and policies and who was put forth today for the resolutions committee leadership. W. Murray Crane, Massachusetts national committeeman and prominent member of the old guard, Senator Lenroot of Wisconsin and Kellogg of Minnesota and many others.

Another arrival, but of Democratic persuasion, was William J. Bryan. He said he was "only a reporter" at the Republican show and did not plan affairs even on the question of prohibition. He said he did not expect to appear before the resolutions committee.

WILL TRY TO SETTLE WAGE CONTROVERSY

Commission of Three Members Named by President Wilson to Take Up Anthracite Miners Demands.

WASHINGTON, June 4.—A commission of three members, one each representing the public, the miners and the operators, was appointed today by President Wilson to settle a wage controversy in the Anthracite fields. The members of the commission are: William A. Thompson, president of Ohio State university, representing the public; Neal J. Ferry, of McAdoo, Pa., a member of the executive committee of the United Mine Workers of America, representing the miners, and William L. Connell, of Scranton, Pa., representing the operators. The commission will hold hearings, probably in Washington and if possible will render its award within sixty days. Any increase in wages granted will be retroactive to April 1, and the awards will be made the basis for a new wage agreement replacing that which expired on that date.

Under the agreement by which the president intervened to have the controversy settled both sides pledged themselves to abide by the commission's decision and there will be neither strikes nor lockouts in the industry while the commission is reaching its decision.

CLAIM MEAT PRICES HAVE DECREASED

CHICAGO, June 4.—Wholesale prices of beef decreased from three to five cents a pound in May and at the end of the month were not far from the level prevailing when the United States entered the war, according to a statement issued tonight by the institute of American meat packers.

"Livestock producers are losing money on their cattle and many packers report losses on beef," the statement said. "Accumulations occurring during the railroad strike exerted a depressing influence on prices practically throughout May. Other depressing factors were the importations of New Zealand lambs shipped here by the British government, the existence in 'second hands' of beef bought from the government and an oversupply of dressed beef in eastern markets."

CHARGE REPUBLICANS WITH EXTRAVAGANCE

WASHINGTON, June 4.—Senator Overman, Democrat of North Carolina, precipitated an economic political discussion in the senate today when he presented statistics to support a charge that the Republicans had appropriated in ordinary supply bills more than twice the amount expended by the Democratic congress of 1916. Senator Smoot, Republican, of Utah, promptly defended the present congress, asserting that the war was responsible for much of the increase. Senator Overman said thirteen supply bills passed in 1916 totaled \$97,000,000 as against \$2,181,000,000 appropriated by the present congress. He insisted that he had not included war items in his summary.

Senator Thomas, Colorado, stopped the debate when he remarked that "the record of each party on the subject of economy is a record of shame."

SMOKERS' STAY AWAY FROM ZION CITY

Zion City, Ill., June 4.—Arrested for smoking and sentenced to work out their fines on the roads when they refused to pay it, two young men of Zion City who escaped yesterday were still being sought by the Zion City police department. Chief of Police George Beck said this morning that if he caught them he would put chains on their feet and hobble them together.

The fugitives are Walter Jacobson, 21, and Henry Bohlen, 18. They were arrested Tuesday night when George Streid, assistant chief of police saw them smoking cigarettes on Elijah avenue.

NEGROES ORGANIZE

St. Louis, June 4.—The Missouri Republican League club, an organization of negroes, today made public a memorial being sent to Missouri delegates to the Republican national convention, asking the defeat of Governor Lowden for the presidential nomination. The memorial was signed by 1,000 negroes during the East St. Louis race riots three years ago, and did not appoint a negro to public office in Illinois.

ALIEN RELEASED

Champaign, Ill., June 4.—Bernard Garsden, German youth, who aided immigration officers by climbing from a boat and swimming to the dock at Hoboken, was granted permission to remain in this country. He was released yesterday from Ellis Island and is en route here to make his home with Richard Altman, an uncle.

COW BRINGS \$30,000

St. Paul, June 4.—A world's record price of \$30,000 for a Holstein cow was paid today at the Minnesota Holstein-Friesian sale. The price was paid by Gustav Pabst, Dousman, Wis., for Pabst Korndyke Corlifter, purchased from Fred Pabst, Oconomowoc, Wis. The previous record price was \$18,400.

BELGIAN ENVOY TO U. S.

Washington, June 4.—Baron de Cartier de Marchienne, the Belgian ambassador will sail for home tomorrow on leave of absence. Counselor Charles Symon of the embassy will act as chargé.

NO DECISION REACHED ON AMOUNT RAISED TO BACK GENERAL WOOD

Chairman Kenyon Estimates Fund Will Run Near Million and Quarter Dollars

WASHINGTON, June 4.—The senate committee investigating the financing of campaign of presidential candidates today sought an estimate of the amount raised to further the candidacy of Major General Wood for the Republican nomination but failed to arrive at a definite figure.

Horace S. Stebbins, of New York, eastern treasurer of the Wood national campaign committee said he would be unable to estimate the Wood national fund until the books were audited. Chairman Kenyon of the committee thought that an addition of \$74,390 to the total of \$1,180,000 estimated by A. A. Sprague, in the Wood fund treasurer at Chicago would give the grand total \$1,254,390. Some of the committee, however, figured that approximately \$228,000 should be added to Mr. Sprague's total.

While the committee was hearing Mr. Stebbins, the senate sent to committee with instructions to report tomorrow the resolution offered yesterday by Senator Pomerehne providing that the scope of the inquiry be enlarged to include congressional campaigns and that the investigation be continued through the November election.

Stebbins, whom senate officers had been seeking since early in the inquiry, was the only witness at the committee's one day session. He declared that he had been on a trip in the Canadian woods far from telephone or telegraph lines. When he completed his testimony, Chairman Kenyon told him that the committee was satisfied that he had no intention of avoiding examination.

Testimony given by Stebbins related to eastern financing of the Wood campaign and accounted for contributions totalling approximately \$263,000. Some of the contributors and their amounts previously have been given to the committee by Mr. Sprague.

FARM HEAD CONFERS WITH REPUBLICANS

CHICAGO, June 4.—J. R. Howard, president of the American Farm Bureau Federation and a committee representing that body, conferred today with Republican leaders concerning planks in the Republican platform affecting the farming interests.

The farm bureau committee explained that agriculture would demand of the next congress the same measure of import duty as accorded other industries and that farmers were "opposed to the importation of Asiatics or other low grade foreign farm labor for the relief of the farm labor shortage, or any move toward creation of an ignorant peasantry."

The executive committee of the federation today voted \$35,000 to establish a bureau of farm economies, \$15,000 for a transportation department and \$20,000 for an educational or publicity department. It also was voted to enlarge the work of the Washington office of the body.

The next convention of the federation, which claims to represent a million farmers, will be held in Indianapolis on December 6, 7 and 8.

YOUTH WILL DIRECT 1,000 MUSICIANS

CHICAGO, June 4.—John Hand, aged nine, third grandson of the noted Chicago band director, will direct the band of nearly 1,000 musicians at the opening of the Republican convention when a march, "The Republican," composed by his father, and dedicated to the convention, will be played. He will use a baton presented to his father by the late President Theodore Roosevelt, made of wood brought back from the expedition into Brazil along the "River of Doubt."

HOUSES PUT ON MARKET

WASHINGTON, June 4.—To help relieve the serious lack of housing facilities at Dbs Moines, Ia., Secretary Baker today authorized the sale at public auction of 600 buildings which are available for family use at Camp Dodge.

GIRL KILLED BY TRUCK

GENEVA, Ill., June 4.—Betty Tennant, 10 year old, ran into a motor truck today while learning to ride a bicycle and was killed instantly. She was a daughter of Frank Tennant, a grocer, well known throughout the Fox river valley.

The result of the senatorial inquiry as to campaign expenditures will accomplish little except that it may injure some individual candidate. Perhaps that was the real purpose when Senator Dorch started the inquiry.

WILL AID PRODUCTION
Congress has declared that it is lawful for farmers to enter

into collective bargaining, and that the government will not frown on such combinations. This is not intended as class legislation but is the result of the recognized need for greater production of foodstuffs. With greater production everybody will benefit. So why should the farmers be permitted to take any action which will be for the general good?

THE SOUL OF A CITY

The surroundings of a city, they say, give evidence of the ideals of the people. That is a fact that Jacksonville residents can well keep in mind for they have reason for pride in the outward evidences of "soul" shown here. A city with natural beauty, where schools, colleges and churches contribute toward high standards of living, certainly Jacksonville would receive a good mark if the cities of Illinois were to enter a contest for rank.

It's because the spirit of the people is shown in surroundings and conditions that these very things are much more important than mere census facts.

THE CAUSE OF PROFITEERING

One of the institute lecturers this week affirmed that the profiteer really has little to do with the present living costs. He argued that profiteering is the result of present conditions and not the cause. If that be true, the remedy for high prices is directly in the hands of the consumer. When he quits using the high priced article and so cuts down the demand which makes profiteering possible, then the longed for adjustment period will be at hand.

PLENTY OF MONEY FOR CARS

It is hard to convince men who visit the automobile factories that money is tight or business slowing up. All these factories are working to capacity and people literally "line up" waiting for the chance to take away cars. In the big automobile manufacturing centers there is a congestion, the like of which was never seen before. The railroad situation has partly brought this condition but for the most part it is caused by the great rush for automobiles.

LOCAL COLLEGES FAVORED

At this time, nobody knows just why, but the fact remains that two local colleges were the first to benefit from the special board set aside to make possible increased pay for instructors.

Generous contributions were made to these two local institutions and thus far no announcement has been made of contributions made to other institutions. That fact is causing an immense amount of worry in several Illinois cities. The educational board is to be congratulated on the good beginning.

Mr. and Mrs. J. V. Wilson of Chandlerville was among the visitors in the city yesterday.

Rippling Rhymes
By Walt Mason

The Presidency.

If Grimes is our next President the land will be in clover; we all shall bask in sweet content, and troubles will be over. So say the boys who whoop for Grimes, and fix his divers fences, and hint we ought to dig some dimes to pay campaign expenses. If Grimes wins out, the useful lad who's always busy toiling, will never lack a helpful seed to keep the kettle boiling. And in the bank he'll have a hoard of large geminal dollars, and he will own a nice tin Ford, and Sunday shirts and collars. If Grimes wins out the idle day will have no decent standing; he'll loaf throughout the golden day, free soup and pies demanding. 'Twill be the same if Grimes should lose, his hopes to ashes turning; all kinds of men will get their dues, will get just what they're earning. The man who buckles down to work will find the times are booming and we will see the village shirk in some cheap poorhouse rooming. I'll vote for Grimes, but if he wins I'll keep on sawing maple, that I may fill my shelves and bins with fancy grub and staple.

A TIME FOR HOUSE CLEANING

(From St. Louis Globe Democrat)

The statement of Gov. Lowden on the Missouri disclosure is timely and to the point. It has the ring of sincerity and is entitled to respect. "The vice of the whole thing inheres in the present system," he says, and this is undoubtedly true. A system that encourages, if it does not compel, candidates to make a nationwide campaign for the presidential nomination necessitates the expenditure of large sums of money. The investigation at Washington shows that the campaigns in a single state have cost every candidate contesting for preference in that state many thousands of dollars, and the expense, the legitimate expense, of a national campaign may easily run into vast sums. But such amounts cannot be spent without the suspicion of corruption. No matter how clean the campaign the very magnitude of the cost throws a shadow over it in the mind of the public. And no matter how insistent the candidate may be that expenses be confined to legitimate uses, it is highly probable that some of it will be improperly spent, reflecting not only upon the candidate but upon the high office to which he aspires. "If this government is to survive," says Gov. Lowden, "some method must be devised to protect the great presidential office from even a suspicion of corruption. That may not be possible, but at least some method must be devised that does not permit, much less necessitate, the expenditure of large sums in campaigns for the presidency."

But what is to be said in regard to the disclosures in Missouri? The facts in regard to the use and misuse of money in this state have been spread before the people. They are not rumors or unsubstantiated reports. The statements of the men who are involved in the receipt of these funds and who are responsible for their use are on official record. They are men of position and power within the Republican party organization in this state. They and others associated with them have long assumed the right, and autocratically exercised it, of dictating the direction of party affairs in Missouri. They decide whom we shall have for our candidates. They control party conventions from ward to state and then disavow the party platform. In the present instance some of them have decided whom Missouri should support for the Republican nomination for President. Over \$38,000 of Gov. Lowden's money was sent into this state. Mr. Bahler testified on the stand that he had told Mr. Emerson there was no sentiment for Lowden in Missouri, and Morse admitted in the senatorial investigation that when he took hold of the Lowden campaign the state was "practically sewed up for Wood." "Notwithstanding all that" Senator Reed said to Morse, "by using this \$38,000 in the good old way, going out among the boys, you get thirty-three of the thirty-six delegates, did you?" and Morse answered, "I thought so." It is not alleged that the Missouri delegation has been bought. Most of the delegates, it is evident, had not seen any of this money and probably had no idea it was being disclosed. But this transaction has drawn the attention of the entire country and it reflects upon the whole delegation. More than that, it casts a shadow upon the Republican party of Missouri. The delegates and the party officers who have accepted this money and misused it should resign, and the pressure of public opinion should be so strong that they could do no less.

It is time, indeed, for a house cleaning in the Republican party in Missouri, and particularly in St. Louis and Kansas City. With the women, who are soon to become voters, the party will enroll nearly a million citizens. Here is a great body of earnest men and women with ideals, with principles and with power. They want good men in office, they want progressive, efficient government in cities, in counties and in the state at large. They want honest and able representation in the Legislature and in Congress. They want nothing more; they are entitled to nothing less.

T. M. TOMLINSON
HOME FROM EAST

Attended Big Presbyterian Meeting in Philadelphia—Saw Many Things of Interest—Meeting Was One of Greatest Ever Held.

T. M. Tomlinson has returned as stated in Journal, from the great Presbyterian gathering at Philadelphia, the general assembly of the denomination. It was one of the greatest gatherings upward of 1,000 commissioners being present. The sessions opened May 20 and continued eight days during which a great deal of important business was transacted.

Mr. Tomlinson met W. J. Bryan several times. That well known gentleman is an ardent Presbyterian and is loyal to his denomination. He told him he had a speech divided into four sections, nothing political, and they could have whatever they wanted. One night they remained until a late hour to hear the gifted orator.

Two important matters came up for action. One was the relation of the denomination to the inter-church movement and the other was the union of the Presbyterian church with the regular body. Regarding the former, the special committee of sixteen carefully went over the ground and decided that the affairs of the movement had not been wisely handled; that the management had been too extravagant and unwise in some respects. The denomination is not at all backward in carrying forward all good works but feels this one is in unwise hands and the decision was to pay the full share of expense to date and then withdraw until a time for uniting again should seem at hand.

The Welch Presbyterian church was formally received into the denomination making an addition of 15,000 members.

Many Missionaries Present.

The presence of many foreign missionaries was a grand inspiration. 150 of them being on the platform at one time when missions were discussed; fifty of the noble workers were from China. Dr. Palmer of Columbus, Ohio, was the moderator and was a fine presiding officer. Rev. Mark Mathews of Seattle, past moderator and pastor of the largest Presbyterian church in the country was another prominent figure. Rev. Dr. Alexander of Pittsburgh was another. The commissioners from Springfield presbytery were Mr. Tomlinson, Mr. Aurelius of Springfield and Mr. Kincaid of Mason City. The clerical representatives were Rev. Marion Humphreys of Springfield and Rev. C. J. Jenney of Decatur and Rev. Mr. Wilson of Tallula and it was a fine honor to be thus chosen.

In the meetings each was assigned a regular location and Mr. Tomlinson happened to be next to Rev. Mr. Wilson, a brother of the former pastor of State Street church and so highly esteemed and the association was very pleasant.

While in the city Mr. Tomlinson had the pleasure of attending the great Sunday school of which John Wannamaker has been superintendent for 62 years, enrolling with a class of six gamins, whom he instructed on doorsteps. There were 400 visitors and a school of 1,800. At first there was some confusion but Mr. Wannamaker appeared on the platform and said "good afternoon, girls," and they all responded; then he greeted the boys in the same way and then the older ones and soon all was order and decorum.

Mr. Wannamaker as host. One afternoon Mr. Tomlinson was one of the 800 fortunate persons who were taken wholly at

the expense of Wannamaker and two friends to Atlantic City and back and finely entertained while there. Other parties went by auto to Valley Forge.

Among the notable places seen by Mr. Tomlinson were Liberty hall, Franklin's grave, Betsy Ross' house and where the U. S. flag was first displayed, the original house of William Penn, the mint, Christ church where Washington worshipped while near the city, and old Presbyterian church erected in 1700. There they had a fine noon service when 850 partook of the Lord's supper.

Mr. Tomlinson was entertained at the Green hotel, one of the oldest in the city and said to have been patronized by many prominent in the early history of the United States.

Another feature of the assembly was the presence of thirty colored commissioners obliterating the color line. Mr. Tomlinson also saw the great pageant which is to be shown here during the state Sunday school convention. On the way home Mr. Tomlinson had the pleasure of visiting some relatives across the river in New Jersey where he was royally entertained. The entire time he greatly enjoyed.

AT NICHOLS PARK.

Improved weather has permitted considerable work to be done on the grounds. Frequent rains make the grass grow keeping the lawn mowers busy. The east entrance is now in shape and can be used right along and all persons driving into the park or motoring in with autos are earnestly requested to enter at the west entrance and leave at the east. The road has been put in good shape and can be used with ease. Help establish a regular round and avoid accidents.

BUILDING LOT SOLD.

A building lot on West College avenue has been sold by Miss Laura White to Dr. and Mrs. F. C. Noyes. The lot at one time belonged to Richard Robertson estate and adjoins the residence property of W. C. Bradish on the west. It fronts the Illinois college campus and will make an admirable building site.

TASTE TAKEN OUT OF CASTOR OIL BY NEW PROCESS

Remarkable Method Perfected by Laboratory Experts of Spencer Kellogg & Sons, Inc.

When the doctor says "take castor oil" you need no longer shudder. By a new scientific process all the disagreeable features have been removed from this famous old remedy. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a remarkable process by which the taste is absolutely eliminated. Nothing is removed except the taste. Strength and purity are absolutely unchanged. Kellogg's Tasteless Castor Oil settles the question of the best laxative. No pills or drugs are so prompt and thorough as nature's pure remedy, castor oil. That's why doctors always prescribe it. Now you can get in Kellogg's Tasteless Castor Oil a pure, full-strength form that is just as easy to take as a good salad oil. Two sizes, 35c and 65c. At all good druggists.—Adv.

PAID VISIT TO CADILLAC FACTORY
Bert Young and James H. Hall have returned from a trip to Detroit, where Mr. Young went to bring back a Cadillac closed car for Dr. F. A. Norris. The men waited an entire day in Detroit before they could get the car, although arrangements had been previously made for its delivery to them.

The Cadillac factory is employing 15,000 men and turning out a car a day, but there are scores of men at the factory each day from all parts of the country waiting their turn for a chance to get a car. It seems that allotments are made to agents and dates specified upon which delivery can be made. If the agents do not arrive on the specified dates then the cars are delivered to other people, and it is to watch chances of this kind that men are constantly waiting at the factory. Mr. Young and Mr. Hall found the roads in very fair condition all the way from Detroit.

Why Should You Use a National Vacuum Cleaner

BECAUSE: It washes much quicker, does it much cleaner and with a great deal less work to the operator.

Why Does It Wash Quicker

BECAUSE: The rapid action of the dasher driving the hot water and suds through the soiled clothes forces the dirt out. The agitation of the hot water makes the dirt respond immediately. Two to six minutes will remove the dirt from

any fabric that can be cleaned with soap and water.

Why Does It Wash Cleaner

BECAUSE: By the vacuum principle the dirt is all forced OUT, instead of rubbing part of it into the fabric.

Why with Less Work to the Operator

BECAUSE: By the vacuum principle it requires only power to handle the water, not the clothes. This eliminates the wear on the fabric and makes the machine run much easier.

In order to fully appreciate the real value of THE NATIONAL VACUUM WASHER, YOU MUST GIVE IT A TRIAL.

THE CITY BEAUTIFUL TO BE PRESENTED HERE

PAGEANT TO BE GIVEN JUNE 17
IN HONOR OF SUNDAY SCHOOL
DELEGATES—WILL BE ONE OF
FINEST EVER VIEWED HERE

The crowning event of the state Sunday school convention to be held in this city week after next will be the pageant, "The City Beautiful," plans for the presentation of which are now being rapidly perfected. The pageant will be staged on the evening of Thursday, June 17, the place to be announced later, and is given by the city as an entertainment feature for the 1,000 delegates who will be in attendance at the convention. The personnel will include gifted persons from all the Protestant churches of the city.

The pageant will be given under the direction of Prof. H. Augustine Smith, a member of the faculty of the Boston

university, and the costumes will be brought from New York. Miss Mary C. Matthews has been named chairman of the committee in charge of the arrangements, and she will be assisted by Mrs. Barr Brown, Mrs. Paul Samuel and Miss Lena Hopper.

SAW PAGEANT IN EAST
T. M. Tomlinson while in Philadelphia recently saw the pageant given in that city by the children of the Sunday schools, and he is most enthusiastic in praise of the production. Mr. Tomlinson stated yesterday that the pageant was the finest he had ever witnessed and he is of the opinion that the local production will compare favorably with the one in the east if the people of the city but cooperate in the undertaking.

The central idea of the production is the Holy City, the first two scenes being of a Biblical character. One of the scenes is the entrance of Christ into Jerusalem on Palm Sunday, while another pictures the heroic attempts of the Crusaders to wrest the Holy City from the hands of the infidel. In the fourth scene the evil forces at work in the modern city are depicted, while the fifth illustrates the power of Christianity to overcome these forces of evil—cruelty, ignorance and crime. The final scene, "a prophet's vision of the future city," reveals the New Jerusalem, where in the city and all that is required to righteousness, justice and love prevail.

Altogether the pageant gives promise of being one of the most stupendous and beautiful productions ever given make it a success is the active interest and co-operation of the citizens.

BAD WEATHER IN ENGLAND.
Joseph Cridland of this city, has received a letter from his niece, who lives in Gloucestershire, England. The writer states that over there they have had the same wet, cold, backward spring that we have endured in this country.

together with many neophytes, including women arrived in numbers. Candidates' headquarters took on the customary turmoil and lobbies began to seethe with groups wrangled in tobacco smoke. New banners were patched on already crowded walls and buttons and badges blossomed forth on coats and Georgette blouses. Women were especially numerous at the Johnson headquarters and candidates were kept busy pumping hands of lines of visitors.

Wood headquarters distributed hundreds of red feathers while Johnson visitors were decked with silver bars.

Governor Lowden, who has fully recovered from his illness, announced tonight that he would call on General Wood, Senator Johnson and Senator Pointdexter tomorrow and pay his respects.

Deaths

Sen. Mosts Charges G. O. P. Committee With "Steamroller" Tactics

(Continued From Page One.)
merits of any contest, and delegates were seated solely upon the basis of the common preference which they had with the national committee men who awarded them their seats. Twenty years later similar tactics were pursued in Chicago—and a student of political history may find something worthy of reflection if he will scan the election returns in those two years, so fatal to Republican hopes. It is true that the committee sits in the open with the paid agents of George W. Perkins and others freely circulating thru the committee room and whispering their darkening counsels into the ears of unsophisticated committeemen. With this exception the parallel is perfect. I strongly hope it will not be carried to the election as it was eight and twenty-eight years ago.

"I am saying this, of course, chiefly because of my ardent interest in General Wood's candidacy. But it applies equally to Senator Johnson and to Mr. Hoover, who with General Wood have demonstrated the possession of popular political support. I cannot tell how either Senator Johnson or Mr. Hoover would comment upon the astounding arrogance of what is now taking place in the coliseum ante rooms; but I know them well enough to know that they would not for a minute countenance in their own behalf the high handed usurpation which the national committee is setting up and which they would be strict as I am to denounce when practiced upon another. This I can only add that the Wood strength plus the Johnson strength easily controls the convention and while the national committee may be too short sighted to know that what they are doing is making a coalition of these two forces inevitable, there are other people discerning enough to see it."

Issued on Own Responsibility.
Senator Moses statement was issued on his own responsibility without either the knowledge or approval of other Wood managers.

It was predicted by some of the Wood partisans that repudiations might develop and possibly entail a readjustment of the Wood management.

Colonel Proctor and others in Wood headquarters called a conference tonight after hearing of Senator Moses' statement and it was indicated that a statement from the Wood headquarters was under consideration.

Lowden and Johnson managers both hailed the Moses' statement with satisfaction. The Lowden supporters professed to believe that the statement would not injure but might help the governor's campaign.

They pointed out that Senator Moses' attack was made upon the national committee with its influential membership and not upon the governor or his managers. From the Johnson camp came the declaration that Senator Moses' position indicated that both the Wood and Johnson forces would be expected to oppose nomination of any man named by the old guard. The friends of Senator Johnson, however, scouted the present possibility of a coalition with the Wood strength in the convention in behalf of either Wood or Johnson.

After considering Senator Moses' statement the other Wood managers apparently decided to withhold comment upon it. It was indicated that no announcement would be made until later. When General Wood learned of Senator Moses' announcement he issued a statement saying he was "loath to believe" that "any selfish or personal interest would be permitted to outweigh those of the public good" in the decisions handed out by the national committee and added his belief that "Chairman Hays is absolutely fair in his handling of the situation."

He indicated that appeals would be taken from any decisions of the national committee finally decided by the Wood forces to be unjustified.

Wood Issues Statement.

General Wood's statement follows:
"Senator Moses' statement has just been brought to my attention. All contests are being handled the machinery provided by law and appeals which are believed to be justified will be handled thru similar instrumentalities. So far as my campaign is concerned we are handling all matters openly and frankly and submitting of the duly constituted authorities of the convention reserving the right to appeal where we feel that error has been made. I have not gone into details of the contests now being heard as they are being handled by especially appointed representatives of these headquarters. I am loath to believe that at this critical point in the nation's history any selfish or personal interest would be permitted to outweigh those of the public good. I have at heart the building up of a strong, representative and well-organized Republican party and the success of such an undertaking is absolutely dependent upon fairness thruout its organization. The success of the party far outweighs the personal success of any candidate. I feel that Chairman Hays is absolutely fair in handling the situation."

LAWRENCE H. KRAUS WEDS MISS EDNA COX

WELL KNOWN TRAVELING SALESMAN MARRIED FRIDAY EVENING—WILL RESIDE IN AURORA—TAKE HONEYMOON TRIP THRU EAST.

Lawrence H. Kraus of Aurora and Miss Edna L. Cox of this city were united in marriage at 8:15 o'clock Friday evening by the Rev. Father Edward J. Cahill.

The ceremony was said at the rectory of the Church of Our Savior and the witnesses were Mr. and Mrs. John D. Cain.

The bride was attired in a blue traveling suit with hat to match. She is the daughter of Mr. and Mrs. Charles Cox and was born and reared in this vicinity. She attended the public schools graduating from the high school in the class of 1913.

For several years she has been engaged in teaching at Washington school. She is a young woman whose charm of manner has endeared her to a wide circle of friends.

The groom is a native of Fredonia, Wis., and grew to manhood there. He is a traveling salesman for the Simmons Hardware Company of St. Louis. For a number of years he had headquarters in this city. During the war he offered his services to the government and was stationed in Washington in the purchasing branch of the ordnance department, giving valuable service.

Upon his return he again entered the employ of the Simmons Hardware company and was stationed for a time at Indianapolis, Ind. Later he was transferred to Aurora and now has northern Illinois as his territory. He is one of the company's most capable salesmen and is highly regarded by his firm and also enjoys unusual popularity among the traveling fraternity.

Mr. and Mrs. Kraus left Friday evening for Chicago. From there they will go to New York, Boston, and other eastern points for a five weeks visit after which they will be at home at the Aurora Beach hotel.

At Last, Relief From Rheumatism

Now is An Excellent Time to Get Rid of Its Tortures.

Victims of Rheumatism should take advantage of the warm season which is so favorable to the proper treatment for this painful ailment.

Rheumatism is more than a mere local disorder confined to the locality of the painful parts. It cannot be rubbed away, because it is a deep-seated disease that has its source in the blood supply. The tiny pain demons, the millions of little disease germs that cause the disease must be reached and eliminated from the blood before real relief can be had.

S. S. S. has been successfully used for fifty years. It is the most thorough and reliable blood remedy because it searches out and eliminates all disease germs which infect the blood.

Go to your drugstore and get a bottle of S. S. S. today, and begin to take a rational, sensible treatment for Rheumatism that will show results. For free expert medical advice regarding your own case, write fully to Chief Medical Advisor, 603 Swift Laboratory, Atlanta, Ga.—Adv.

REGINA

THE QUEEN OF ALL
VACUUM CLEANERS

MRS. HOUSEWIFE
Is your home kept clean and sanitary with a REGINA CLEANER?

Doubtless you wonder why a Regina is a queen, principally because of the Floating brush feature—which is not the old-fashioned brush that has been wrecking rugs and carpets for years but has been built and designed by scientists to clean and protect your rugs and carpets.

If the nap is long the brush will run high, on short nap carpets the brush will run low, the automatic adjustments does away entirely with friction, thereby protecting your carpets.

The floating brush being equipped with fibre sections sends a displacement of air over and under the brush, keeping the brush clean and free from the cotton, threads, lints, and all rough particles, which it sweeps into the bag.

The floating brush turning always in the opposite direction, gently agitates the nap, being always in advance, paves the way for the suction, making the cleaner 100 per cent efficient.

Daily Market Report

LITTLE BUSINESS

ON STOCK EXCHANGE
NEW YORK, June 4.—Conditions, not unlike those which ordinarily prevail during the mid-summer attended today's session of the stock exchange. Sales barely aggregated 35,000 shares, approximating the year's low record for a full session.

Movements of prices were in consonance with this general inertia. Leading issues alternately advanced and declined within circumscribed limits, the market closing with a fairly steady tone on covering by shorts in steel and affiliated shares. The list derived almost its sole support from the operations of pools in Mexican oils, several of the equipments and the more obscure specialties, the latter being featured by International Paper, American writing paper, preferred and Union Bag and Paper. Politics evoked little more than languid discussion. Not in many years, it was said, has Wall Street been so much at sea or manifested so little outward interest in developments of similar import.

The superficial character extended to money rates, virtually all of the day's call loans, as well as those running into next week being made on a six per cent basis for all practical purposes, however, time funds were again non-existent. Foreign exchange continued rumors of additional gold imports, via the Pacific coast, were not confirmed. Liberty bonds recovered from their setback of the morning, closing mostly at gains. In the foreign group, Anglo-French 5s were strong at 99 1/2. Total sales (par value) aggregated \$12,750,000. Old United States registered 4 1/2s were 1/2 per cent lower on call.

SHORT RECEIPTS

SENDS CORN UP

CHICAGO, June 4.—Despite free selling at times and consequent breaks in prices, the corn market today rallied and closed higher. Inadequacy of current supplies here proved too great a handicap for bears. The close was nervous at 1 1/2c net advance, with July \$1.74 1/2 to \$1.74 3/4 and September \$1.60 1/2 to \$1.60 3/4. Oats finished 1/4c off to 1 1/2c up, and provisions varying from a 5c decline to a rise of 10c. Most of the selling pressure on corn came from commission houses, where belief had been fostered that receipts would show a pronounced increase next week. Circumstances, however, threw doubt on such an outcome. Not only were arrivals today scanty but advices from the country said interior stations were getting few cars. Besides, many of the cars which had been forwarded from the east were reported to be for grain loading, one line netting just 160 suitable cars out of a total of 800. Meanwhile, industrial promptly absorbed cash offerings. As a result, commission house buying of futures instead of selling was urgent at the last.

Oats touched new high record prices for the season. Receipts were nearly at the vanishing point. Provisions at first were weak with hogs, but gossip that European buying orders were in sight, brought a rally.

BRADSTREET'S REPORT

NEW YORK, June 4.—Bradstreet tomorrow will say: Trade and industry are still highly irregular, perhaps the word disturbed would be more accurate, and the volume of business is lighter than at any time for over a year past. Apparel lines are chiefly so affected but sympathetic reflection of difficulties in these trades is found in many other lines. Still while fall trade prospects are in a rather muddled condition particularly in woolen and silk fabrics and shoes and their related lines, there is less hysteria manifested especially in retail lines, and there is growing the idea that while the peaks of demand and of prices have alike passed conditions surrounding production and supply are not such as to countenance to the calamity talk of a few weeks ago.

PROBLEMS OF PRESENT TOLD TO ROTARIANS

Dr. Tapy Says People Fail to Recognize Their Mutual Dependence—Soul of City Shown in Tree and Architecture Dr. Cox Says.

Members of the Rotary club nearly 60 in number listened to splendid addresses at the luncheon Friday. The principal speakers introduced by President Portus were Dr. Tapy, head of the department of sociology of Washington college, and Dr. Cox, head of the department of education at the university of West Virginia at Morgantown.

Both Dr. Tapy and Dr. Cox who were in Jacksonville as instructors at the Morgan county institute, told some clever stories but each had a serious message to convey. Talking along the lines of present day problems Dr. Tapy said: "We found at the war was over that it was largely a struggle for commercial supremacy. One of the great troubles of the day is a failure to recognize the changes that time has brought about. In the days of our grandfathers nearly every home was sufficient unto itself. Your grandfather on the farm rose in the morning and kindled a fire with wood which he or his sons had previously cut. Then the wife made wheat cakes from flour made from grain raised on the farm. The clothes worn were fashioned from wool grown on the back of sheep that the farm produced and following the same lines, each family was nearly sufficient unto itself.

Inter-dependencies.

"In these present days there are relationships and interdependencies that did not exist in those earlier times. The result has been that we have lost sight of the individual in the growth of the institution. The school and the church were supported in the earlier days because of the recognition of each one that failure to give support would mean the failure of the enterprise.

"Now the churches and the schools and other institutions have become so huge that the individual is lost and he feels that they will be just as successful without his individual support and so in many instances that support which is really needed is lacking.

"Another need of the times is that there be a willingness for the individual to yield to the group. This means that the majority must have a right to control. Another of our troubles is the failure to give proper recognition to law. In an autocracy the people do not make the laws, and all they have to do is to obey them. In a democracy the people make the laws and then too often there comes a familiarity which breeds contempt or disrespect. We must have the day when a law made possible by the majority must have the acquiescence of the minority.

"In the earlier days of the country everybody was patriotic everybody supported the government. The idea was that they contributed to the making of the government. Now a common inquiry made is 'Why doesn't congress remedy this?' or 'Why doesn't congress do that?' forgetting that the government is really a creature of the imagination—that it is nothing except what the citizens of the land make it.

The Service Idea.

"Another thing that the present needs is the right idea of service recognized so long ago by Christ, who said: 'Let him who would be great among you be the servant of all.' The doctor who concerns himself most of all with the needs of his patient, the lawyer who loses himself in the interest of his client and thinks secondarily of the fee—these professional men succeed in rendering great service and eventually come into their own in the mere matter of pay.

"Henry Ford was consumed with the idea of making an efficient car at popular price and today is making money so rapidly that he doesn't know what to do with it. His primary idea was not to make money. It is ideals of service that we need to dominate the times and recognition of that fact is shown in the slogan of this club."

Dr. Cox spoke in very happy vein and referred to the fact that he is an Illinoisan and that he has visited this city before. Talking about Jacksonville he said: "It is indeed a pleasure to be here. I have found that cities very definitely express the feeling in the ideals of the people who live therein. On my first visit to Jacksonville I was struck with the beauty of the trees. It is a certain thing that there must have been residents here who recognized the beautiful in nature and its worth. Then that same spirit is shown in your churches and educational institutions. They reflect the spirit and ideals of citizenship.

"In Florence, the most beautiful city of Italy, the ideal of the citizen was not to use the opportunities of the city merely for making money but the highest ideal was to improve the city to make it more beautiful. Today galleries of art, wonderful sculpture attest those ideals.

"As a practical thing to continue the expression of the Jacksonville spirit you as citizens can do nothing better than to see that the beauty of this city is maintained, that its trees and that where one tree dies or is destroyed that a younger one takes its place.

MARRIAGE SOLEMNIZED AT BOWLING GREEN

EDWARD K. FULLER AND MISS HILDA OSBORNE MARRIED THERE RECENTLY—TO LIVE AT MURRAYVILLE.

People in the neighborhood of Murrayville and Woodson will be especially interested in the announcement of the recent marriage of Edward K. Fuller of Woodson, precinct and Miss Hilda Osborne of Murrayville. The marriage was recently solemnized at Bowling Green, Mo., where the young people went for a brief visit without telling their friends of their plans.

Mrs. Fuller is a daughter of Mr. and Mrs. John Osborne, well known residents of Murrayville. The groom is a son of A. T. Fuller of Louisiana, Mo., but has since childhood made his home with his aunt, Mrs. L. B. Grunder of Woodson. The young man is well esteemed by all who know him.

The young people have returned to Morgan county and for the present are to live in Murrayville. Mr. Fuller is in the employ of Swift & Co.

Social Events

Woman's Foreign Missionary Society of Grace Church Met

The regular meeting of the Woman's Foreign Missionary Society of Grace church was held Friday afternoon with Mrs. H. A. Perrin, 1055 West College avenue.

The devotions were in charge of Mrs. R. A. Gates. The program was in charge of Mrs. Charles Hopper. Mrs. E. L. Fletcher made a report on the general conference held at Des Moines, Ia.

A social hour followed the program and refreshments were served. The assistant hostesses were: Mrs. Walter B. Rogers, Mrs. John J. Reeve and Mrs. E. D. Herald.

Alexander W. F. M. S. Met Thursday

Mrs. Fred Neal was hostess to members of the W. F. M. S. of the Alexander M. E. church Thursday afternoon. There was an unusually large attendance of the members and several guests were also there. The leader of the afternoon was Mrs. Anna Beery, and the program included several interesting features, among which was a talk by Mrs. W. H. Hinrichsen.

At the close of the program there was a social time during which the hostess served delightful refreshments. A number of Victrola selections were also enjoyed at this time.

WESLEY CHAPEL W. F. M. S. MET WITH MRS. RANSON

The W. F. M. S. of the Wesley Chapel held a regular monthly meeting Friday at the home of Mrs. Robert Ranson, at which about forty members and friends were present. The meeting was called to order by the president, Mrs. Frank Ranson, who presented an interesting program was carried out. Solos by Misses Iva Rea and Juanita Conliss were followed by an interesting talk by Rev. J. O. Kirkpatrick.

Delicious refreshments were served by the hostess during the social hour after the program.

GAVE PARTY FOR MISS WATT

Mrs. S. W. Babb and Miss Irene McCullough entertained a company of friends at the McCullough home near Lynnville Friday afternoon in honor of Miss Edith Watt, who is soon to be the bride of Thomas Dugan. There were 25 in the company and the hours were spent very happily. In the evening contest Mrs. E. M. Gibbs won the honors. A musical program added to the pleasure of the afternoon. Miss Martha Gibbs gave an instrumental solo and Mrs. Allen McCullough and Mrs. A. R. Gregory sang. The accompanist was Mrs. J. W. Eckman of Winchester. All of the numbers were heard with hearty appreciation.

After this program the guest of honor found that the event might prove to be called a jelly shower for little Edith. Lou McCullough dressed as a cupid came tripping into the parlors pushing a wagon heavily laden with glasses of jelly which the guests had brought. With each gift was a rhyme and Miss Watt read these verses aloud, adding greatly to the pleasure of the afternoon.

Refreshments were served in a generous way in the dining room. There a miniature bride and groom formed a part of the table centerpiece and cake roses were used for decoration. There were spring flowers in the other rooms at the disposal of the guests and altogether it was a very happy social event.

LEGION POST SOLICITING NEW MEMBERS

The American Legion post of Jacksonville has a membership of 400 and yesterday an effort was made to reach 500. Five automobiles left Jacksonville at 1:00 o'clock and visited sections of the county where there are no Legion posts established in an effort to get every service man's name on the roll.

One of the parties visited Woodson and the district between Murrayville and Jacksonville; one went to Alexander and Franklin; and others visited Lynnville, Chapin, Litchberry, Sinclair, Prentice, and Arcadia.

Members of the soliciting parties were: Louis Cain, George Vasconcellos, Roy Goodrick, Clyde Black, James Barnes, Hugh Green, Morrison Worthington, Homer Paschall, Dick Reynolds, O. P. Fox, John Larson and R. Y. Rowe.

WILL LIVE IN DECATUR

Mr. and Mrs. H. D. Capps are soon to remove from Jacksonville to Decatur where Mr. Capps will engage in the insurance business. He has for a number of years been in the Chicago & Alton ticket office here and is known as an accommodating and capable official. Miss Ruth Wilson will also go to Decatur and will make her home with Mr. and Mrs. Capps.

Miss Laura White left last night for Chicago and in the course of a few days will accompany Miss Anna G. Brown to Grand Beach, Mich.

All commencement guests and friends of the college are invited to the reception by President and Mrs. Rammelkamp in honor of the graduating class on Tuesday afternoon.

On commencement day, June 9, trustees, faculty, graduating class and alumni of the college will form in procession at the college gymnasium at 9:45 a. m.

All graduates and former students of the college, the academy, atheneum and conservatory are invited to the alumni reunion and luncheon Wednesday afternoon in the college gymnasium.

All friends of the college are invited to the picnic supper on Osage Orange day, Monday, June 7, at 5 o'clock. Friends are expected to bring their own lunches, but the college will provide free coffee for all. Arrangements will be made with a caterer so that ice cream may be purchased on the grounds.

The reunion trophy presented by the Chicago society of Illinois college, and now held by the class of 1916, will be awarded to the class that secures the attendance of the largest percentage of its members.

TEACHERS INSTITUTE CLOSING

The Morgan County Teachers Institute came to a close Friday afternoon, closing a very successful week. The addresses by Dr. Tapy and Dr. Cox at the two sessions of the day were even stronger than on the other days and the whole program was one of great profit.

Before adjournment a vote of thanks was extended to the two instructors wherein the teachers expressed their pleasure in having attended the convention and listened to the splendid series of addresses.

THINK HEARING WILL BE HELD IN THIS CITY.

Special Agent Foster of the Continental Insurance company of Springfield was in the city yesterday looking up evidence relative to the theft Sunday of the automobile of Fred Westermeyer of Bluffs.

Arnold Luttrell is held in the Sangamon county jail, charged with the theft. The State Journal said that Luttrell's hearing would be held in that city June 8.

However, Foster, who says he has several affidavits that Luttrell was in Jacksonville last Sunday, told Chief of Police Kiloran that he believed Luttrell would be brought back here for hearing.
